

Assembly Instructions for: Kitchen Units - All

Instructions: Unbox unit and find hardware bag inside of box.

- 1 - Almost all of our kitchen units are fully assembled. You should only have to attach the door pulls.
- 2 - To attach a cupboard top simply place the top on the base and line up the bolt holes. Take the bolts provided and drop them into the holes and tighten with the allen wrench provided.
- 3 - For a 3 in 1 kitchen unit. Align the pre-drilled holes on the side and back with the holes on the base unit and screw on with the grabber screws as shown.
